9th Gen Bundles

- 10.2-inch iPad Wi-Fi 64/256GB
- Tri-fold Casing
- Tempered Glass Screen Protector
- AppleCare+ for iPad
- Apple Pencil (1st Generation)

No new iPad launch this year in 2023 so far.

The school recommends purchasing the 9th Gen iPad (64 GB) which is sufficient for student use.

Educational pricing of $429 for iPad 9th Gen (U.P $499) only.

Use of a stylus

The school will be making use of the stylus to enhance the teaching and learning experience for the students.

One example is that the students will be able to write on the apps directly instead of typing using the virtual keyboard.

Use of stylus for handwriting, mindmapping, digital art, maths equations and models. It also supports SLS input.
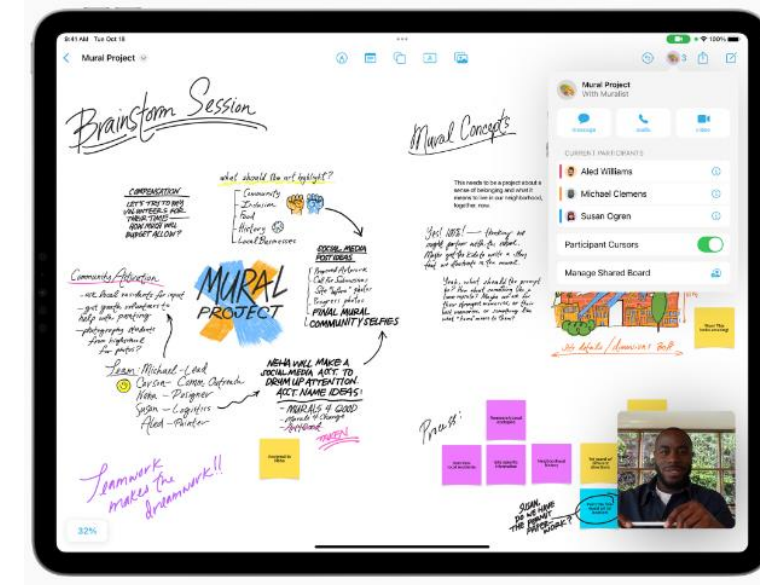

Parents may want to consider cheaper stylus' that are iPad compatible. These are available online at Qoo10, Lazada, Shoppee etc.
These cost around $30.
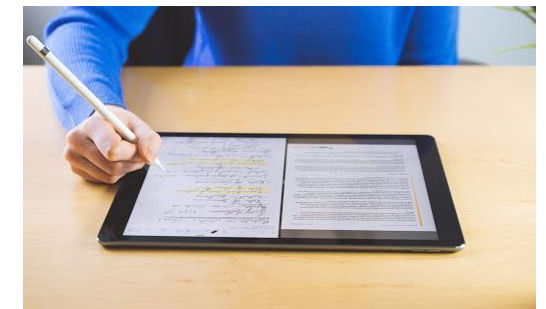

Purchasing your own iPad

iPad models compatible with iPadOS 17

This guide helps you get started using iPad and discover all the amazing things it can do which is compatible with the following models:

|	
iPad mini (6th generation)	iPad mini (5th generation)
iPad (10th generation)	iPad (6th generation)

⭐ Mobile Device Management (MDM) AT SJI JUNIOR

Other Resources

MDM for Graduating Classes

FAQ

MOBILE DEVICE MANAGEMENT (MDM) AT SJI JUNIOR

As part of this programme, the iPad will be enrolled in Apple School Manager. Each student will be getting an Apple Id account. With that account, each student will be given a free 200 gigabyte iCloud storage account, where you can upload your documents and files. Other things that are included as part of this apple school manager are that the App Store is disabled, meaning to say the students are unable to install any apps from the App Store. The school can also push down apps remotely to be installed for classroom use.

MDM for Parents and School

MDM allows the school and parents to control the use of the iPad. The school has subscribed to Mosyle Manager for MDM and the subscription is $1 per month for parents. The yearly cost is $20 and the school is subsidising $8. And all this will be deducted through your son's Edusave account.

ST JOSEPH'S INSTITUTION JUNIOR

Mobile Device Management

- **Configure daily Screen Time to limit overexposure**
- **Prevent distractions when it's time to study or rest**
- **Remotely lock the device**
- **Hide and show apps from children**
- **Filter Web Content**
- **Hide Safari**

Parental Controls-Suggested Approach

Gradual Release of Responsibility

"I do it."
"We do it."
"You do it together."
"You do it alone."

Start strict at first. The child needs to prove that he is able to self-manage before working together on the release of responsibility.
